FIRST QUARTER

## Reflection of TDC Supporters

This month The Disability Channel reflects upon all of their amazing community supporters and employment partners where successful graduates are currently placed. The Disability Channel provides meaningful programming, work experience and employment support to those seeking to develop skills in the media industry. We would like to celebrate and highlight our partners.

### OUR GRADUATES ARE PROUDLY EMPLOYED WITH THESE COMPANIES

SickKids®

BRANDS FOR CANADA

We continue to make meaningful connections and develop programming within the veterans' communities within Canada and the US. The Disability Channel's past fundraising efforts in support of veterans and persons with disabilities has seen great success. We continue to search for partnerships and ways to better support our veterans. You can view our veterans content featured in our TDC show Veterans Onward to Prosperity with AnnaMaria Bliven by clicking [here](#). Additionally, The Disability Channel welcomes our new Halton, Ontario anchor and show Going Places with Julie Misquitta.

### TDC COMMUNITY - "REAL TO REEL"

The Disability Channel is proud to present our third edition of Real to Reel. A community highlight section of our quarterly newsletter that will work to bring our ongoing projects and partnerships to light.

The Disability Channel is proud to be the returning media partner with Mohawk College Enterprises skills upgrade program for persons with disabilities "Introduction to accessible content creation". The fourth cohort of this intensive employment program is currently engaging in work experience to create accessible media with The Disability Channel. In addition to this employment opportunity, The Disability Channel also offers Digital Ventures programming to individuals with disabilities who are looking to improve their digital media skills and re-enter the workforce. This program is open to anyone in the GTA with a disability. Email [jay@thedisabilitychannel.ca](mailto:jay@thedisabilitychannel.ca) if you are interested in becoming a student.

### Testimonials

"I am a graduate of The Disability Channel's Digital Ventures class and I am now working as a project manager. I can't say enough great things about the staff, the support and encouragement that is given to their clients. I very highly recommend it!" - **Stephanie Saberan**

"I learned some very valuable skills that have become an asset to me as a podcast producer. Everything from in-depth knowledge of social media to the kinds of resources I can take advantage of on a slim budget, this program has provided an invaluable informational resource for me to draw upon. I would recommend it to anyone looking to become more educated about the virtual marketplace." - **Morgan Rector**
